Objective

To further develop my career in the Web Development, Programming and Consulting fields

Achievements

- PHP Programmer for web site teaching kids the fundamentals of filmmaking
- Developer for CoverGirl.com and everywomanisaqueen.com websites for P&G
- Developer for Progene Daily Complex Call Center portal
- Sole Flash/Director developer of Cintas Interactive Video training courses
- Sole developer of an educational web site using PHP/MySQL
- Chief Network Administrator for company network (Win/Mac)

Experience

2009 – Present

Northern Kentucky Area Development District (NKADD) • Florence, KY • IT Assistant/Webmaster

- Help desk support for 50+ employees; General IT duties; Windows Server 2008 technologies; VMWare technologies; Disaster Recovery; Tape backup; Antispyware/Malware removal
- Full life-cycle development for various Joomla based web applications: departmental needs, development, testing and deployment to in-house Linux based server. Ongoing maintenance of applications. Project highlights include Joomla CMS system (nkadd.org, nkyonestop.org)

2005 – Present

Independent • Cincinnati, OH • Web Developer/Programmer/Consultant

- Full life-cycle development for various projects: client needs, development, testing and deployment. Project highlights include ASP/Access implementation, CGI/Perl form-mail, PHP/MySQL integration, Flash/ActionScript. (Indieviz.com, BB Riverboats, Daytrip Cincinnati, Building Blocks Foundation, Luxottica, Airheads, Novartis Media).

2006 – 2008

Proxi Market Solutions • Cincinnati, OH • IT Developer

- Programmer for multiple projects involving the CoverGirl.com web site for P&G. Project highlights included full life-cycle development of sister site EveryWomanIsAQueen.com (using Struts 2 framework). Other highlights included SEO (Search Engine Optimization), Struts 2 framework implementation, Java coding, Flash/ActionScript, AJAX, JavaScript, CSS, HTML (covergirl.com, everywomanisaqueen.com)
- Programmer for call center portal for Progene Daily Complex. Project highlight included full life-cycle development of PHP web application to assist call center agents in providing information about Progene Daily Complex. Assisted with osCommerce and SQL database integration as well as Flash/ActionScript, JavaScript, CSS and HTML (progene.com)
- Various other projects included maintaining Proxi website (HTML, Flash/ActionScript, CSS) as well as branding third party applications to coincide with Proxi web site (these include calendar software, task management applications, webmail, etc.)

2004 – 2005

PosterService, Inc. • Cincinnati, OH • Web Developer/Programmer/Network Administrator

- Maintained multiple web sites that included SQL Databases, ASP, CGI Scripts, ActiveX Controls, graphical, photographic and audio enhancements (economyframes.com, framusa.com, affordableframes.com).
- Chief Network Administrator for Windows 2000 Professional Server network running IIS 5.0
- Technical Support Specialist for PC and Internet related issues.

1999 - 2004

On Location Multimedia, Inc. • Cincinnati, OH • Web Developer/Programmer/Network Administrator

- Chief network administrator for Windows 2000 Server network running IIS 5.0
 - Maintained multiple web sites that included Access databases, ASP, CGI Scripts, ActiveX controls, graphical, photographic and audio enhancements. (Firststar, Heyman Talent, Expertpicks, On Location Multimedia, HCI)
 - Developed Flash application that communicated with an ActiveX control delivering phone number listing information. Included Flash/ActionScript, ASP, JavaScript, HTML, CSS. (OnlineDA, DesktopDA)
 - Developed password-protected Flash/Director training applications that utilized CDRoms for large video files. Communicated with central server to update user information. Included Lingo, ActionScript, IIS 5. (CINTAS, KEANE)
 - Technical Support Specialist for PC, Mac and Internet related issues.
-

1999

Results Engineering • Cincinnati, OH • Network Consulting Associate

- Migrated Novell based users running Windows 3.1 to Windows NT 4 Workstations
 - Installation and configuration of Windows NT network for over 250 computers in four locations around Cincinnati and New Jersey
 - Consulted with and trained workers on basics of new computer systems, including the NT operating system, Microsoft Office 2000 package and electronic mail accounts.
-

1997 - 1998

University of Cincinnati • Cincinnati, OH • Media Production Assoc., Media Services Center

- Media production to support faculty teaching. Produced graphics; assisted in studio and location videography and lighting, video post-production, digital imaging and scanning for production and presentation applications.
-

1997 - 1998

University of Cincinnati • Cincinnati, OH • Media Distribution Assoc., Media Services Center

- Staged and operated media equipment and computer resources for classroom use. Processed patron requests and provided tutorial assistance to faculty patrons on equipment and software use.

Education

1997 - 1999

Univ. of Cincinnati • Cincinnati, OH • Associate of Applied Science in Electronic Media Technology

Concentrated study on multimedia production, web page/HTML authoring, videography and video editing.

1994 - 1995

College of the Mainland • Texas City, TX • Accounting Program

Concentrated areas of study were in business management and accounting.
